

# Resources for JMP® Users

Ensuring you have what you need to get the most from JMP®

## Have a business or technical question?

Contact Technical Support at [jmp.com/support](https://jmp.com/support).

Post your question in the [JMP Discussion forum](#).

[Explore the JMP Knowledge Base](#) for common problems and fixes.

Let us help you get comfortable – even masterful – in your JMP use. Many of these resources are available online and at your convenience.

## How do I learn JMP® and enhance my skills?

- Complete the learning road map in the [New User Welcome Kit](#), an interactive resource that helps you become comfortable with the basics of JMP – at your own pace.
- Watch a [Getting Started With JMP](#) webcast, a live introduction where you can ask questions and get answers right away.
- Next, attend [Mastering JMP](#) webcasts for users of all levels.
- Take part in the [JMP User Community](#), a one-stop shop for improving your JMP skills, asking questions, connecting with other users and following technical posts in the JMP Blog.
- Explore the visualizations at [JMP Public](#) and share your own.
- Subscribe to [JMP Newswire](#), the monthly newsletter on software updates, resources, tips and other information for users.
- Complete the free online course, [Statistical Thinking for Industrial Problem Solving](#), and enhance your understanding of statistical concepts with the [Statistics Knowledge Portal](#).
- Learn the basics of design of experiments using the [Design of Experiments Introduction Kit](#).
- Explore particular topics in the hundreds of short videos, in-depth tutorials, activities and case studies, and curated learning paths in [Learn JMP](#).
- Take a live [JMP class](#) – in person or on the web. Also, sign up for self-paced JMP e-learning courses on [Data Exploration](#), [ANOVA and Regression](#) and [Classic Design of Experiments](#).
- Look at the list of [books](#) for JMP users.

## How can I meet other JMP® users?

- [Join a local users group](#) to see how your peers are solving problems and find out about the latest JMP capabilities. No JMP users group nearby? [Contact us](#) to help you start one.
- Start a [users group](#) at your organization. [Contact us](#) for assistance.
- Talk to other users at [JMP Discussions](#) and interact with users who share add-ins, sample data and scripts at the [JMP File Exchange](#).
- Attend the [JMP Discovery Summit](#) conference to learn from JMP users, experts and thought leaders.
